Website Redesign Makes Services More Accessible

This August, the City of La Vista’s website (www.cityoflavista.org) will be transformed. The website redesign is the end result of about nine months of work by the City’s Web Team, using feedback from the community and employees, to revamp and improve the City’s web presence.

The redesign project had five goals:

- Gather feedback on the old site and incorporate into the redesign.
- Make things easier to find.
- Equip residents to do business with the city.
- Communicate with residents electronically.
- Formulate and deploy a strategy to engage residents.

Among the new features:

- **New menus** – Mousing over the top navigation bar, will reveal a box that drops down with that section’s content headlines.
- **Transparency Portal** – accessible from the right side of the homepage, this section features content such as the City’s checkbook register, financial statements, annexation plan, City Council policy statements and tax information.
- **I Want To** – accessible from the top navigation, this section features content organized by services rather than by departments. If you want to build a deck, for instance, go to I Want To, click on “Build” and you’ll have the information you need to get started.

City Receives High Marks on Survey

Residents’ Top Priority is 84th Street

Earlier this year La Vista residents participated in The National Citizen Survey, which collects, analyzes and reports data back to the City regarding its performance in a variety of areas.

The results presented to the City Council in June indicate that 90 percent of La Vista residents ranked their overall quality of life as “excellent” or “good”. Results were also very good for overall City services, nearly all of which were rated above national benchmarks.

This was the second time the City has participated in the National Citizen Survey.
I want to thank those residents who took the time to participate in the National Citizen Survey. The information we receive from the survey results gives us critical data on how we are performing as a City.

You can read a synopsis of results in this newsletter, or read the full results on our website at www.cityoflavista.org/citizensurvey.

One portion of the survey results identifies the extent to which La Vista residents are engaged in the community. Of those responding to the survey:

- 15% reported having attended a public meeting
- 16% had volunteered
- 11% had participated in a civic group
- 57% rated opportunities to volunteer as “excellent or “good”

Quite frankly, if we are going to improve as a community, we need to do better. La Vista residents are proud of where they live, I know I am. We need our pride to match our actions. We need residents and business leaders to become more engaged in shaping the La Vista of tomorrow.

The City Council and I will work to create more citizen involvement opportunities and work even harder to ensure that we are communicating effectively with residents. Watch our website, social media accounts and the local media for announcements.

I hope you will consider contributing your time and talents to help make La Vista an even better place.

— Mayor Douglas Kindig

Halloween Safe Night is scheduled for 5:30-7 p.m., Wednesday, October 31, at the La Vista Community Center, 8116 Park View Boulevard.

All children ages 12 and under, accompanied by a parent or guardian, are invited to attend this event, which will feature Halloween surprises around every corner.

The City Council recently adopted the La Vista Civic Center Park Master Plan, which outlines the transformation of La Vista Falls Golf Course into a 56-acre park.

The City's vision plan for 84th Street (Vision 84), adopted by the City Council in 2010, identifies the area around the golf course as the centerpiece of the redevelopment area.

The park master plan is the end result of a planning process that included stakeholder meetings, working group meetings, community workshops, as well as workshops and meetings with the Park & Recreation Advisory Board, Planning Commission and City Council.

Goals of the proposed park include: improving connections to the surrounding community, increasing the size of the existing lakes, adding habitats and activities on the water, and creating space that incorporates La Vista Daze and future new activities.

The plan identifies phases, which are anticipated to be implemented over time.

The golf course remains open at this time. When a decision is made to close La Vista Falls to facilitate the development of the park, plenty of advance notice will be provided.

As the 84th Street implementation phases begin, residents need to know that, other than the golf course, the City doesn’t have any control over the ground along the 84th Street corridor.

“We are committed to our vision for the area and we are committed to doing it correctly for the long-term,” said Mayor Kindig. “Simply leasing space in the old Wal-Mart building is a band-aid. It will not transform the area nor will it provide for long-term economic stability.”

There is still a lot of work to do on Vision 84. In addition to the park plan, the City continues to work on other phases of implementation, such as identifying funding sources and developing design guidelines.

“We have been, and will continue to, market the Vision 84 plan with potential developers and partners,” said City Administrator Brenda Gunn.

If you’d like to review the full park plan, visit our website, www.cityoflavista.org/civicparkplan.

For more information on Vision 84, visit our website, www.cityoflavista.org/vision84.

What’s Next for Vision 84?
• Identify funding sources.
• Develop design guidelines.
• Continue marketing to potential developers and partners.
Summer Fun in La Vista

It has been a revving good time this summer with free family fun in abundance in La Vista! Beginning Memorial Day weekend with La Vista Daze and continuing through the summer with concerts, movies, a “Splash Bash” at the pool and others, the City of La Vista and our partners have hosted a variety of events geared toward families.

Hopefully you had an opportunity to enjoy the La Vista Daze activities, which would not be possible without the support of many sponsoring organizations, including: Acapriccio Dance Company, Bank of Nebraska, Beacon Building Services, Bo Bo’s Bouncy Town, Bellino Fireworks, Dogtopia, Fareway, Harrison Street Animal Hospital, Keyes Outdoor Design, La Vista Community Foundation, La Vista Firefighters Association, La Vista Fraternal Order of Police, Midwest Performance Flyers, No Frills, Pets Earth, Ralston Veterinary Clinic, the Tri-City Ministerial Association, and Val Verde Animal Hospital.

Many of the summer events are free and would not be possible without the support of some incredible sponsors:

- Concert Series: Black Hills Energy
- Outdoor Movies: Five Points Bank
- Urban Race: La Vista Community Foundation, Cabela’s, Lucky Bucket, Trek Store of Omaha and Red Dirt Running Company.
- Splash Bash: Pinnacle Bank

In an effort to continue providing events that focus on great family fun, we would like your feedback. Please visit the City’s Web site at www.cityoflavista.org/2013eventfeedback to tell us what you think.

The City is always looking for ideas for new events that would be unique to La Vista. If you have a suggestion, or would be interested in volunteering to help plan future events, e-mail Mitch Beaumont at mbeaumont@cityoflavista.org.

City Secures Grant Funding for Thompson Creek Work

Ongoing efforts to fight the effects of erosion along Thompson Creek has entered the next phase.

For nearly 40 years, erosion along the banks of the creek, stretching from 72nd Street to La Vista Falls Golf Course, has been a problem. Ultimately this culminated in the City’s voluntary acquisition and demolition of 24 homes along Park View Boulevard and Valley Road. That project was made possible by FEMA grant funding.

It was necessary for the City acquire those properties to have adequate space to repair the erosion and provide for long-term stability.

This spring, the City was awarded significant grant funding from the Nebraska Environmental Trust, Nebraska Department of Environmental Quality and the Papio-Missouri River Natural Resources District to continue with improvements. The process of improving Thompson Creek and implementing the watershed restoration will take approximately three years with costs estimated at $2.7 million. The funds committed from the Environmental Trust represent nearly 37% of that total.

While the largest expense of this project will be in stabilizing Thompson Creek, this is also a watershed restoration project, which will also include efforts to reduce storm water runoff and improve water quality.

A portion of the project includes various education and outreach components to provide citizens with information about what they can do to reduce runoff and improve water quality in their own yards. Some demonstration projects will be constructed to show examples of what can be done such as rain gardens, bio-retentions cells, street planters and other devices.

Watch the City’s website, Facebook and Twitter accounts and local media for information about public meetings on this project in the future.
Used Tire Collection

The City will once again be hosting a used tire collection day on Saturday, August 24 from 8 a.m. to 2 p.m. Used tires can be dropped off at the Public Works Facility located at 9900 Portal Road.

Used tires left outside collect water and become prime breeding sites for mosquitoes. The used tires are collected and then sent to a recycling company which shreds the tires. In addition to used tires; used motor oil, anti-freeze and any type of batteries will be accepted.

The event is open to all residents and those living in the City’s Extra-Territorial Jurisdiction. Proof of residency will be required; photo ID or a utility bill. For more information call the Public Works Department at 402-331-8927.

The event was made possible by a grant received from the Sarpy/Cass Health Department for West Nile Prevention.

Fall Leaf Collection & Document Shredding

On Saturday, November 2, free document shredding and a free dump site for leaves and yard waste will be offered at the Public Works Facility, 9900 Portal Road.

- Yard Waste Collection, 8 a.m.-3 p.m.
- Document Shredding, 8 a.m.-noon

Both services are available to residents and those living in the City’s Extra-Territorial Jurisdiction.

There is no limit to the number of documents per household, which will be shredded on site. Staples and paper clips do not need to be removed.

Leaves and grass clippings will be accepted along with tree branches, which can be any length but no larger than six inches in diameter. Used motor oil, anti-freeze and all batteries will also be accepted. Citizens must have proof of residency, either a valid driver’s license or a copy of a utility bill. For more information call 402-331-8927.

Residential Sewer Drain Cleaning

When you have your home sewer line cleaned, please make sure you notify the Public Works Department at 402-331-8927. Material removed from your sewer line is forced into the main sewer line, which creates the possibility of it becoming stuck in the main and causing backup problems. When you notify Public Works, staff will check and service the main sewer for proper flow.

**HALLOWEEN SAFETY TIPS**

- Remind your kids about street and crosswalk safety. Tell them to look both ways before crossing and use crosswalks when possible.
- Know what activities your child or teen will be attending. Get phone numbers or meet parents who are hosting parties they will be attending ahead of time. Remind teens of the curfew law if they will not be staying overnight: 10 p.m.- 5 a.m., seven days a week
- Let your kids know not to cut through dark areas or backyards if alone. Stay in well-lit areas where there are other people.
- Drive below the posted speed limit on trick-or-treat night in residential areas.
- If you are stopping to drop off or pick up kids, pull over to the side of the road as far as possible and turn on your hazard lights to warn other motorists. Do not pass vehicles that have stopped in the roadway to drop off children.

---

**TIPS FOR BACK TO SCHOOL**

**CHILDREN AND TEEN STUDENTS**

- Advise children to keep lockers locked at all times. Do not leave items unattended in locker rooms.
- Do not allow your children to take any electronic devices to school. Theft of cell phones, iPods and other electronics are on the rise.
- Teach your child never to talk to strangers. Report any suspicious activity to the police.

**COLLEGE STUDENTS**

- Keep serial numbers of all high-priced electronics, (i.e. – laptops). Make copies of all important paperwork (i.e. – credit cards, I.D.’s) and give them to someone trustworthy, such as a parent.
- Never leave your drink unattended at a party or bar. Never accept a drink from someone you do not know.
- Get familiar with your surroundings. Know where the emergency phones are located on campus and where the campus police departments are.
