

## Tween-Teen Henna Tattoos

**Thursday, July 13**

**10 a.m.-noon**

**Ages: 11-18**

Henna artist, Samantha McCulloch, will talk about henna and its traditions. Each tween/teen will practice drawing a henna design on paper before trying to apply it to their skins.

Henna, also known as mehndi, is the ancient art of body painting with a paste made from powdered leaves from the henna plant. These are temporary tattoos that last for about two weeks.

**Require permission slip on back.**
