AMEND MASTER FEE ORDINANCE	RESOLUTION ◆ ORDINANCE RECEIVE/FILE	RITA RAMIREZ CITY ADMINISTRATOR

SYNOPSIS

An ordinance has been prepared to amend the Master Fee Ordinance for changes related to building permits, plan review and inspection fees. Additional changes are also included related to parking fees within City Centre and amendments to modify Section 3 to differentiate and delineate the Sewer Connection Fees within the City of Omaha Sewer Shed.

RECOMMENDATION

Approval.

BACKGROUND

The Building Department has commenced the use of Change of Occupancy permits in relation to new businesses moving into existing structures. This is an administrative permit utilized by other cities to ensure that a proposed use fits within the zoning district's regulation and to ensure that applicants are obtaining required permits and inspections by the Building Department and Papillion Fire.

In the past, the Building Department has typically sent building plans for larger structures (typically those over three stories) to the International Code Council (ICC) for review. Although the City has been reimbursed for the cost in the past as part of the building permit issuance, it hasn't been specifically included in the Master Fee Ordinance.

Additional changes throughout the Building and Use Fees section of the ordinance clarify fees related to plan reviews and the Rental Inspection Program.

With the completion of the construction of the surface parking lot on Lot 12 La Vista City Centre, fees related to its use need to be added to the Master Fee Ordinance. Revisions to the layout of the fees within the ordinance have also been completed for better readability. The only fee change being proposed is the addition of the new fees for Lot 12.

The City of La Vista is a party to the Wastewater Service Agreement (WSA) between the City of Omaha and the City of La Vista, originally dated April 7, 2009, as to define the Stonybrook Outfall Sewer Shed and the connection

fee rates which are to be collected on the City of Omaha's behalf. Ninety Five Percent (95%) of said connection fees are remitted back to the City of Omaha.

From time to time, the City of Omaha adjusts these rates to be commensurate with capital funds required to fund projects within the City of Omaha's sewer system. Recent adjustments by the City of Omaha have raised the fees significantly, likely due to major sewer projects within the Omaha Capital Improvement Plan. In order to more accurately reflect the fee increases, and to allow for sewer shed adjustments based upon future capital projects within the sewer sheds, the Omaha Sewer Shed Capital Fees have been specifically delineated within the Master Fee Ordinance, and references to the WSA and Omaha Municipal Code have been added as to adequately reflect the current Sewer Connection Fees, and any changes that may take place in the future.

A redlined copy of the revised Master Fee Ordinance is attached.

Section 2. Sewer Fee Schedule.

§3-103 Municipal Sewer Department; Rates.

- A. Levy of Sewer Service Charges. The following sewer service charges shall be levied against the user of premises, property or structures of every kind, nature and description, which has water service from any supply source and are located within the wastewater service area of the City of La Vista.
- B. Computation of Sewer Service Charges. For the months of December, January, February and March, the monthly charge for residential sewer services will be computed on the actual water used for these months. The monthly charge for residential sewer service in the months of April, May, June, July, August, September, October and November will be computed on the average water usage of the four (4) preceding winter months of December, January, February and March or for such portion of said consumption, whichever is the lesser. At the option of the City of La Vista, water used from private wells shall be either metered or estimated for billing purposes.
- C. Amount of Sewer Service Charges. The total sewer service charge for each sewer service user will be the sum of three (3) charges: (1) customer charge, (2) flow charge, and (3) abnormal charge.
 1. The customer charge is as follows
 - a. For sewer service users classified as Residential, the same being sewer service to a single family dwelling, or a duplex, apartment, or other multi-family dwelling (e.g. apartments) wherein each dwelling unit has a separate water meter that is read and charged for water and sewer use by the Metropolitan Utilities District - \$13.36 per month.
 - b. For sewer service users classified as Residential-Multi-Family, the same being sewer service to Multi-Family dwellings (e.g. apartments) wherein there is only a separate water meter to each building or complex that is read and charged for water and sewer use by the Metropolitan Utilities District - \$14.33 per month.
 - c. For sewer service users classified as General Commercial: Customers who normally use less than 100,000 cubic feet of water per month and who are not Residential users or Residential-Multi-Family users - \$14.33 per month. For sewer service users in this category that require manual

billing, add \$10.00 for a total of \$24.33. The manual billing of the customer charge will come from the City of La Vista instead of the Metropolitan Utilities District.

2. The flow charge for all sewer service users shall be \$4.89 per hundred cubic feet (ccf).
3. If users have abnormal strength sewage as determined by the terms of the Wastewater Service Agreement between the City of La Vista and the City of Omaha, then additional charges will be billed to the user at the applicable rates as determined by said Agreement.
4. If users other than those classified herein are connected to the wastewater collection system, the Customer Charges, the Flow Charges and Other Charges will be determined by the City Council in accordance with rules and regulations of the EPA and the Agreement between the City of La Vista and the City of Omaha.
