**Important Information – Read Carefully**

RE: Sale of Fireworks in the City of La Vista 2026

Attached to this letter is your packet of materials to apply for a permit to sell permissible fireworks in the City of La Vista for the July 4, 2026 holiday. We have also attached the section of the La Vista Municipal Code regarding fireworks sales.

**Please read the application packet carefully.**

These packets must be complete, and all required information and forms turned in as stated on the Application form by the deadline or your permit will not be considered. **You must turn in originals of ALL documents – NO COPIES.**

As per the City of La Vista Municipal Code §111.17 (C)(6)(b), applications will be automatically disqualified if they are received after the application deadline; if they are incomplete based on the checklist that is included on the application form; or if the applicant organization is a prior-year permit holder that has displayed and/or sold or attempted to sell illegal fireworks or has otherwise violated the law regarding the operation of their fireworks stand.

In past years, site plans have been incomplete and incorrect. Be sure your site plan is accurate and includes all requirements as stated on the application; if you have any questions, contact our Chief Building Official, Brad Baber at [BBaber@CityofLaVista.org](mailto:BBaber@CityofLaVista.org) or 402-593-6400.

**Incomplete packets based on the application checklist will not be considered for a permit.**

If your permit is conditionally approved, it will not be given to your organization, and you will not be able to open your tent to sell fireworks until you pass inspection, are in complete compliance with safety and building codes, and have paid all fees due.

If your permit is conditionally approved, you will receive an email in June 2026 regarding tent inspections and requirements.

If you have any questions, you can contact me at [RCarl@CityofLaVista.org](mailto:RCarl@CityofLaVista.org).
