**Re:** Fire Code Amendments

---

Planning Commission Members,

With the recent consolidation of the La Vista and Papillion Fire Departments the city of Papillion has requested amendments to Chapter 150, Building Regulations of the La Vista Municipal Code to allow for the adoption of the NFPA 101, Life Safety Code with amendments. This would allow the Fire Department to carry out their enforcement procedures under this code as is currently conducted by the Nebraska State Fire Marshall's office.

We request that you please continue the public hearing on this matter until the next scheduled meeting giving city staff and the city attorney more time to review the request.

If you have any other questions please let me know.
