AUTHORIZATION TO PURCHASE HEATING AND AIR CONDITIONING UNIT	◆ RESOLUTION ORDINANCE RECEIVE/FILE	JOE SOUCIE PUBLIC WORKS DIRECTOR

SYNOPSIS

A resolution has been prepared authorizing the purchase of one (1) new Tempstar Natural Gas Furnace and Air Conditioning unit from Standard Heating and Air Conditioning, Inc., La Vista, Nebraska, for an amount not to exceed \$13,996.00.

FISCAL IMPACT

The FY 2014/15 Capital Improvement Plan provides funding for the proposed purchase.

BACKGROUND

The heating and air conditioning unit will be installed at 9810 Hupp Drive. This is the new location for the Parks Division and Building Maintenance Division. Additional offices, locker room, break room and conference room have been installed as part of the remodel project. The existing heating and air conditioning unit is insufficient to heat and cool the addition. The proposed purchase will heat and cool the additional new space. The existing office areas will continue to use the original heating and cooling system.

Public Works requested quotes from four (4) different companies, only two quotes were returned. Public Works is recommending awarding Standard the contract. The Aksarben quote required the city to provide our own electrician and roofer to complete the work. The additional cost for bringing two more contractors onboard made the quotes about a wash. Public Works recommends keeping all the work under one contract, as opposed to having three contractors involved in the project.

Terms and Conditions

1. All labor is to be performed during Company's regular working hours, unless noted in this proposal.
2. Warranty work is performed during the Company's normal business hours, but can be performed after normal hours if Customer pays the difference between standard labor rate and overtime labor rate.
3. Until final payment is made, the Company will retain title to all materials and equipment if installed.
4. Unless noted in this proposal, payment is due in full upon completion of work. A finance charge of 1 1/2% per month (18% annually) will be charged on all unpaid balances after 30 days from the invoice date.
5. In the event Customer's account must be referred to attorneys for collection, Customer agrees to pay all reasonable attorney fees, court costs and other collection costs.
6. Customer shall assume risk of loss or damage to equipment after it is sent in place on the job.
7. Every attempt will be made to complete the work on the date(s) specified, but because the Company may have no control over equipment availability and delivery, all completion dates are estimates only.
8. The Company shall not be liable for damage, loss or delays resulting from fire, explosion, flooding, the elements or any other cause beyond our control.
9. The Company shall use ordinary care in performing all work, but shall not be liable for incidental or consequential damages, or for injuries to persons or damage to property except those directly caused by negligent acts of the Company's employees.
10. The Company shall not be responsible for any damages incurred due to inability of the building structure to properly support the installed equipment, or for expense incurred by removing, replacing or refinishing part of the building structure necessary for the performance of any service or installation, unless otherwise noted in the proposal.
11. The Company shall not be liable for any present and future taxes, charges or other governmental fees, or any items of equipment, labor or special tests required or recommended by insurance companies, equipment vendors or governmental authorities.
12. The Company shall not be liable for the identification, detection, abatement, encapsulation, storage, removal or transportation of any regulated or hazardous substances. Regulated or hazardous substances may include, but are not limited to asbestos, certain refrigerants and refrigerant oils. If any such products or materials are encountered during the course of work, the Company shall discontinue work until regulated or hazardous materials have been removed or liability is eliminated. The Company shall receive extension equal to the time of the delay to complete the work and reserves the right to be compensated for any loss due to a delay.
13. Line voltage wiring is provided from the condensing unit to the electrical panel. Any required side panels, replacement and/or upgrades of the existing electrical service must be performed by a licensed electrical contractor and are not included unless noted in this proposal.
14. All material is guaranteed to be as specified. All work is to be completed in a workmanlike manner according to standard practices. Any alteration or deviation from above specifications involving extra costs will become an extra charge over and above the estimate. All agreements are contingent upon strikes, accidents or delays beyond our control. Our workers are fully covered by workman's compensation insurance.
15. There will be a 15% cancellation fee on all orders cancelled after a measure has been performed. There will be a \$100 cancellation fee on all orders cancelled before the measure has been performed.
16. This agreement contains the entire understanding between the Company and the Customer; any modifications, amendments or changes must be in writing and signed by both parties.
17. NO WARRANTY ON EXISTING EQUIPMENT, DUCT SYSTEM, UTILITIES OR ACCESSORIES NOT PROVIDED IN THIS PROPOSAL
