I further understand that the inadvertent approval of a sign application by the City that is not in compliance with the sign regulations does not create any legal nonconforming status nor does it remove any obligation to bring the sign into compliance. I understand that no sign shall be installed until a sign permit has been approved by the City of La Vista and the associated sign fee has been paid. Once a sign permit has been approved, all sign installation work must be completed in six months or the permit will expire.

Name of Nonprofit Organization Cornerstone Church

State Sales Tax ID 01-010720391

Cornerstone Church has been an active and outstanding member and contributor to the city of La Vista for over 25 years. Located on the southeast corner of 96th and Harrison it has provided an excellent location for local baseball teams to play baseball. Cornerstone has a baseball field located on its property and has donated this field to many La Vista little league teams to use at their convenience. Cornerstone would like to utilize some of the proceeds that it will receive to maintain the integrity of the baseball field so that it can continue to be enjoyed by the La Vista baseball community for many years to come.

Cornerstone has also participated in 9th Inning Ministries which promotes Christian Values and encourages personal responsibility. This ministry has helped a countless number of La Vista and other regional youth in setting a course of positive behavior and dedication in their lives.

Cornerstone has participated in numerous prayer gatherings and organized community events every year in the city of La Vista.

Cornerstone as well as many local businesses have felt the impact of this current recession. Having the opportunity of being able to raise additional funds through fireworks sales could make the difference in keeping the programs that Cornerstone has and will participate in a viable option for the future.

I believe that all of the information on this application and on drawings submitted in support of this application is accurate. I understand that any sign which is installed that is inconsistent or in conflict with this application, the supporting drawings, or the sign regulations contained in the City's Unified Development Ordinance is a violation of the City of La Vista municipal code. I further understand that the inadvertent approval of a sign application by the City that is not in compliance with the sign regulations does not create any legal nonconforming status nor does it remove any obligation to bring the sign into compliance. I understand that no sign shall be installed until a sign permit has been approved by the City of La Vista and the associated sign fee has been paid. Once a sign permit has been approved, all sign installation work must be completed in six months or the permit will expire.

I believe that all of the information on this application and on drawings submitted in support of this application is accurate. I understand that any sign which is installed that is inconsistent or in conflict with this application, the supporting drawings, or the sign regulations contained in the City's Unified Development Ordinance is a violation of the City of La Vista municipal code. I further understand that the inadvertent approval of a sign application by the City that is not in compliance with the sign regulations does not create any legal nonconforming status nor does it remove any obligation to bring the sign into compliance. I understand that no sign shall be installed until a sign permit has been approved by the City of La Vista and the associated sign fee has been paid. Once a sign permit has been approved, all sign installation work must be completed in six months or the permit will expire.

I believe that all of the information on this application and on drawings submitted in support of this application is accurate. I understand that any sign which is installed that is inconsistent or in conflict with this application, the supporting drawings, or the sign regulations contained in the City's Unified Development Ordinance is a violation of the City of La Vista municipal code. I further understand that the inadvertent approval of a sign application by the City that is not in compliance with the sign regulations does not create any legal nonconforming status nor does it remove any obligation to bring the sign into compliance. I understand that no sign shall be installed until a sign permit has been approved by the City of La Vista and the associated sign fee has been paid. Once a sign permit has been approved, all sign installation work must be completed in six months or the permit will expire.

I believe that all of the information on this application and on drawings submitted in support of this application is accurate. I understand that any sign which is installed that is inconsistent or in conflict with this application, the supporting drawings, or the sign regulations contained in the City's Unified Development Ordinance is a violation of the City of La Vista municipal code. I further understand that the inadvertent approval of a sign application by the City that is not in compliance with the sign regulations does not create any legal nonconforming status nor does it remove any obligation to bring the sign into compliance. I understand that no sign shall be installed until a sign permit has been approved by the City of La Vista and the associated sign fee has been paid. Once a sign permit has been approved, all sign installation work must be completed in six months or the permit will expire.

I believe that all of the information on this application and on drawings submitted in support of this application is accurate. I understand that any sign which is installed that is inconsistent or in conflict with this application, the supporting drawings, or the sign regulations contained in the City's Unified Development Ordinance is a violation of the City of La Vista municipal code. I further understand that the inadvertent approval of a sign application by the City that is not in compliance with the sign regulations does not create any legal nonconforming status nor does it remove any obligation to bring the sign into compliance. I understand that no sign shall be installed until a sign permit has been approved by the City of La Vista and the associated sign fee has been paid. Once a sign permit has been approved, all sign installation work must be completed in six months or the permit will expire.

I believe that all of the information on this application and on drawings submitted in support of this application is accurate. I understand that any sign which is installed that is inconsistent or in conflict with this application, the supporting drawings, or the sign regulations contained in the City's Unified Development Ordinance is a violation of the City of La Vista municipal code. I further understand that the inadvertent approval of a sign application by the City that is not in compliance with the sign regulations does not create any legal nonconforming status nor does it remove any obligation to bring the sign into compliance. I understand that no sign shall be installed until a sign permit has been approved by the City of La Vista and the associated sign fee has been paid. Once a sign permit has been approved, all sign installation work must be completed in six months or the permit will expire.
