APPROVE PURCHASE — VOICEMAIL COMPUTER FOR ALL CITY FACILITIES	◆ RESOLUTION ORDINANCE RECEIVE/FILE	PAT ARCHIBALD DIRECTOR PUBLIC BUILDINGS & GROUNDS

**SYNOPSIS**

A resolution has been prepared to approve the purchase and installation of a new replacement voicemail computer in an amount not to exceed \$11,700.00.

**FISCAL IMPACT**

We are working with the City's Insurance Company to determine the amount they will pay and will fund the balance through savings in the FY07/08 General Fund Budget

**RECOMMENDATION**

Approval.

**BACKGROUND**

The City's voicemail computer began having serious problems after the lightning strike on the Radio Tower. Several fixes have been attempted but we continue to experience problems. We evaluated our options and determined that the only guarantee that will resolve our voicemail issues is to replace the voicemail computer. As a result, it was necessary to proceed with this purchase in order to limit business disruption. Therefore, you are being asked to approve the purchase as authorized by the City Administrator. The City already owns the software. The cost of the computer installed and working is \$11,700.00

The City is currently working with LARM regarding the amount which will be covered under insurance.
