REPORTS FROM CITY ADMINISTRATOR AND DEPARTMENT HEADS

Assistant City Administrator Ramirez asked the Mayor and Council to check their calendars to be sure they would be able to attend a briefing at 6:00 p.m. on April 1, 2008 to go over a draft of the CIP for next year. She asked for a response by Friday.

Fire Chief Uhl thanked the Mayor and Council for allowing him to attend an educational opportunity in Ames, IA last week. He made some very good contacts while there. He also stated that the Fire Department will be hosting their second Citizens Fire Academy in April. Seven people came on the department from the group which attended the first Academy.

Public Works Director Soucie thanked all of those who participated in the Thompson Creek tours and stated that they could contact him with any questions they may have regarding the area. The new dump truck is ready to be put in service. This truck has a function which will allow accessory parts to be switched quickly.

Community Development Director Birch presented the Mayor and Council with a Building Permit Report showing activity from 2000 through 2007 with regard to Building Permit fees, number of housing starts, valuation of housing starts, and the valuation of larger new commercial/industrial buildings in 2007.

Recreation Director Stopak stated that the annual Easter Egg Hunt will be Saturday March 22, 2008 – weather permitting. Stopak also reported that a large baseball event will again be coming to La Vista in June with the addition of two special evening events in La Vista. One of these events will be on a weeknight and one on a weekend. Details are still being discussed. The new elliptical trainer is in and ready for use at the community center.

Library Director Iwan introduced Leslie McPeck to the Mayor and Council. She is currently doing her 50 hour practicum.

B. ONE AND SIX YEAR STREET IMPROVEMENT PLAN

1. PUBLIC HEARING

At 7:18 p.m. Mayor Kindig opened the public hearing and stated the floor was now open for discussion on the One and Six Year Street Improvement Plan.

Street Superintendent Goldman presented the One and Six Year Street Improvement Plan to the Mayor and Council.

Councilmember Sheehan stated that he was not in favor of pursuing priority number 15 – the 66th Street project – until all funding sources and amounts were decided. City Administrator Gunn informed the Council that they are approving the list of projects that we foresee in the future and

MINUTE RECORD

No. 729—REDFIELD & COMPANY, INC., OMAHA

that this plan may change from year to year. The Council is adopting projects one year at a time. Councilmember Gowan inquired as to the work on Marisu Lane Court and the cost of the concrete driveway approaches. Public Works Director Soucie stated that the City only does a driveway approach if there is no other way to take care of the integrity of the street. Mayor Kindig asked whether the City can make people fix their approach on a street that is not under construction. Soucie that the City can and will contact people if they see an approach that is contributing to the undermining of a street. Councilmember Ronan asked about barricades at the intersection of Joseph and James Streets. Goldman stated that due to the weather and frequent snows these potholes could not be fixed and were therefore blocked off until they could be. These were fixed on February 29 and they will be capped this spring. Councilmember Ronan asked how long this fix will last. Goldman stated that the weather determines that somewhat. This year has been a difficult year with the cold temperatures and frost. The overlay life of that area is coming to an end. Councilmember Gowan stated that we take care of the frontage road in front of Sol's and asked what precludes us from doing the same at Wal-Mart. Soucie stated that we have the right-of-way in front of Sol's and therefore we maintain that access. The Wal-Mart property is private property and we can request that they maintain it. Councilmember Sell inquired as to what our authority is to have them fix their access. Soucie stated that if the surface problems on private property would create a backup onto our public roadways, such as 84th Street we can require maintenance to be done or go in and do it at the property owner's expense. Councilmember Gowan asked if there are any engineering issues with their internal access areas. Soucie stated that the Kroenke Group, eight years ago set up a three phase plan for improvements to their access areas. Phase I was done, phase II and III have not been completed. City Administrator Gunn stated that these are problems which many times occur with an absentee landlord.

At 7:53 p.m. Councilmember McLaughlin made a motion to close the public hearing. Seconded by Councilmember Gowan. Councilmembers voting aye: Sell, Ronan, Quick, Sheehan, Carlisle, McLaughlin, Ellerbeck, and Gowan. Nays: None. Absent: None. Motion carried.

REPORTS FROM CITY ADMINISTRATOR AND DEPARTMENT HEADS

Assistant City Administrator Ramirez asked the Mayor and Council to check their calendars to be sure they would be able to attend a briefing at 6:00 p.m. on April 1, 2008 to go over a draft of the CIP for next year. She asked for a response by Friday.

Fire Chief Uhl thanked the Mayor and Council for allowing him to attend an educational opportunity in Ames, IA last week. He made some very good contacts while there. He also stated that the Fire Department will be hosting their second Citizens Fire Academy in April. Seven people came on the department from the group which attended the first Academy.

Public Works Director Soucie thanked all of those who participated in the Thompson Creek tours and stated that they could contact him with any questions they may have regarding the area. The new dump truck is ready to be put in service. This truck has a function which will allow accessory parts to be switched quickly.

Community Development Director Birch presented the Mayor and Council with a Building Permit Report showing activity from 2000 through 2007 with regard to Building Permit fees, number of housing starts, valuation of housing starts, and the valuation of larger new commercial/industrial buildings in 2007.

Recreation Director Stopak stated that the annual Easter Egg Hunt will be Saturday March 22, 2008 – weather permitting. Stopak also reported that a large baseball event will again be coming to La Vista in June with the addition of two special evening events in La Vista. One of these events will be on a weeknight and one on a weekend. Details are still being discussed. The new elliptical trainer is in and ready for use at the community center.

Library Director Iwan introduced Leslie McPeck to the Mayor and Council. She is currently doing her 50 hour practicum.

B. ONE AND SIX YEAR STREET IMPROVEMENT PLAN

1. PUBLIC HEARING

At 7:18 p.m. Mayor Kindig opened the public hearing and stated the floor was now open for discussion on the One and Six Year Street Improvement Plan.

Street Superintendent Goldman presented the One and Six Year Street Improvement Plan to the Mayor and Council.

Councilmember Sheehan stated that he was not in favor of pursuing priority number 15 – the 66th Street project – until all funding sources and amounts were decided. City Administrator Gunn informed the Council that they are approving the list of projects that we foresee in the future and

MINUTE RECORD

that this plan may change from year to year. The Council is adopting projects one year at a time. Councilmember Gowan inquired as to the work on Marisu Lane Court and the cost of the concrete driveway approaches. Public Works Director Soucie stated that the City only does a driveway approach if there is no other way to take care of the integrity of the street. Mayor Kindig asked whether the City can make people fix their approach on a street that is not under construction. Soucie that the City can and will contact people if they see an approach that is contributing to the undermining of a street. Councilmember Ronan asked about barricades at the intersection of Joseph and James Streets. Goldman stated that due to the weather and frequent snows these potholes could not be fixed and were therefore blocked off until they could be. These were fixed on February 29 and they will be capped this spring. Councilmember Ronan asked how long this fix will last. Goldman stated that the weather determines that somewhat. This year has been a difficult year with the cold temperatures and frost. The overlay life of that area is coming to an end. Councilmember Gowan stated that we take care of the frontage road in front of Sol's and asked what precludes us from doing the same at Wal-Mart. Soucie stated that we have the right-of-way in front of Sol's and therefore we maintain that access. The Wal-Mart property is private property and we can request that they maintain it. Councilmember Sell inquired as to what our authority is to have them fix their access. Soucie stated that if the surface problems on private property would create a backup onto our public roadways, such as 84th Street we can require maintenance to be done or go in and do it at the property owner's expense. Councilmember Gowan asked if there are any engineering issues with their internal access areas. Soucie stated that the Kroenke Group, eight years ago set up a three phase plan for improvements to their access areas. Phase I was done, phase II and III have not been completed. City Administrator Gunn stated that these are problems which many times occur with an absentee landlord.

At 7:53 p.m. Councilmember McLaughlin made a motion to close the public hearing. Seconded by Councilmember Gowan. Councilmembers voting aye: Sell, Ronan, Quick, Sheehan, Carlisle, McLaughlin, Ellerbeck, and Gowan. Nays: None. Absent: None. Motion carried.
