## **Executive Summary**

**NEBRASKA LIQUOR  
CONTROL COMMISSION**

**RECEIVED**

OCT 30 2009

**NEBRASKA LIQUOR  
CONTROL COMMISSION**

My name is Luis Palacio. I want to open a neighborhood restaurant that offers great food and beverage. I have been in the food and beverage industry for 31 years. I have always wanted to have a neighborhood restaurant that offers an affordable menu and personalized service. I have service experience in fast food, fine dining, casual dining, and country clubs. I have managed in every position. Over those years I have become very knowledgeable in the service of food, sprits and wine.

I have been involved in the planning, organizing, training, marketing, and budgeting of operating restaurants and bars. I completely understand the efforts required to own and manage a restaurant operation. I believe that I have the skills and stamina needed to be a successful restaurant owner.

The operation will be called 84<sup>th</sup> Street Café, and is located at 8013 South 83<sup>rd</sup> Ave. The menu is a simple yet delectable offering of hot and cold sandwiches as well as a few salads and wraps. There will also be entrees featuring cuisine of Mexican, Italian, and Oriental. I will offer 3 to 6 daily specials which will include chicken, fresh fish, steaks and seafood.

I plan to offer on-premise and off-premise catering. My goal is to be able to do private functions, dinner parties, and booth sales at civic events. I want to offer food and beverages at those events. I am applying for a class C liquor license.

The marketing plan is detailed in the business plan. I will be trying to get bridge groups, small civic organization, and small social groups to commit to using the restaurant as their meeting. I will have an affordable menu for private parties namely birthdays, anniversaries, pre-nuptials, small weddings, and business meetings.

One of my strengths is the knowledge of wines. I plan to create a food and wine group for the Café. I have been very successful in the past creating and maintaining wine and food group at my previous employers. I have completed and passed the first of three tests from the Court of Master Sommelier.

The Café will offer special menus for all the holidays and big sporting events. The Café will also be offer an after school menu for the parent that need to feed the kids right after school that is a healthier option to fast food. Weekends will feature dinners for 2, with a bottle of wine, and a wine bar after 8pm. I will be creating a Sunday Brunch for the after church groups.

Opening a restaurant in the Omaha area is very difficult; however I believe that with my experience I can become profitable. I will be the sole-owner and chef which allows me to keep the overhead down. Improvements to the café will happen as the money becomes available. I am currently working on raising working capital with my family, friends and the bank.

## Mission Statement

The mission is to create a food service restaurant that offers a relaxed environment with great home-style food matched with great beverages. I will accomplish this with a management style that promotes long term relationships with the patrons and employees. I believe that the development of those relationships will make the business cost effective and profitable.

## Development & Status

A suitable site for the first restaurant was found last month and lease negotiations are in the final stages. The location will be on 84<sup>th</sup> & Giles Street and close to a dense population of the target market. With that phase completed, 84<sup>th</sup> Street Café can then open and the operations phase of the project can begin.

## Future Plans

If the business is meeting its projections by month six, I will start investing in the appearance of the dining room making it more comfortable. I will also expand the wine selections. After a year I would like to expand into another bay for a banquet room.

## Products & Related Services

84<sup>th</sup> Street Café will be offering a menu of food and beverages with a distinctive image. There will be three ways to purchase these products; table service at the restaurant, take-out from the restaurant, and catering to home or office.

## The Menu

84<sup>th</sup> Street Café menu (see appendices) is moderate sized, and moderate-low priced offering a collection of ethnic and American items with a common café style items and -- healthy (low-fat, low cholesterol, natural ingredients), flavorful, and familiar. Our goal is to create great home-style food with the addition of light satisfying and still nutritious food. I will not have burgers & fries on the menu.

There has been an increased awareness of nutritional and health concerns in recent years and a growing market of people who now eat this style of cooking regularly.

## Production

Food production and assembly will take place in the kitchen of the restaurant. Fresh vegetables, meat and dairy products will be used to create most of the dishes from scratch. The chef will exercise strict standards of sanitation, quality production, and presentation or packaging over the kitchen and service staff.

## Service

There will be three ways a customer can purchase food. They may sit down at one of the 75 seats in the dining room and get full service from a waitperson. A separate take-out counter will service those who wish to pick up their food. Most take-out food will be prepared to order with orders coming from either the telephone or internet.

NEBRASKA LIQUOR  
CONTROL COMMISSION

## Future Opportunities

There is a market segment that prefers to eat this type of cooking at home although they do not have the time to cook. There are already caterers and even mail order companies that provide individuals and families with up to a month's supply of pre-prepared meals. We will be tapping into the catering market offering off premise food & beverage services

This opportunity will be researched and developed on a trial basis. If successful, it could become a major new source of income without creating the need for additional staff or production space.

## The Target Market

The market for 84<sup>th</sup> Street Café products covers a large area of diverse and densely populated groups. Although it will be located in La Vista, it is an area that is highly traveled. It is also an area known for and catering to the demographic group we are targeting.

### Market Location & Customers

LaVista & Papillion area has been growing in population the last 15 years and is on pace to continue to attract the middle class population base. The LaVista chamber of commerce is currently working on a marketing program to increase the awareness of the business located on 84<sup>th</sup> street between Harrison & Giles streets.

The customer base will come from 2 major segments;

- **Local population** -- the city of LaVista & Papillion with a year-round adult population of 127,000.
- **Local businesses** -- The LaVista Chamber of Commerce lists retail sales at \$174 million dollars in a three mile radius.

The food concept and product image of 84<sup>th</sup> Street Café will attract many different customer profiles;

- **The student** -- more and more young people have developed healthy eating habits. Some also go through a "health food phase" while in college. I will also try to take advantage of the middle school that is located in behind the building. I will offer after school snacks between 2pm and 4:30pm keeping the price \$3 to \$5.
- **The retirees** -- I will be looking to host bridge groups, special social groups to build the lunch and early afternoon business, I will offer attractive menu

options with affordable pricing for getting commitments to meet at the café on a regular basis.

- **The Tanners** – the Ashley Lynn brings in a lot of traffic, I will create lite menu with beverages that are rich in vitamins for the skin and put them on a menu board out side the entrance.
- **The working class** – too busy to cook a home-style meal with the option to eat healthier.
- **The health conscious person of any age or sex** -- this includes anyone on a restricted or prescribed diet or those who have committed to a healthy diet.
- **Curious and open-minded** -- "if you try it, you will like it." Through marketing, publicity, and word-of-mouth, people will seek out a new experience and learn that nutritious food can be tasty, fun, convenient, and inexpensive.
- **Winers** – on Friday nights between 8pm and 12am, I will offer a wine bar. I will use that as a base to create a wine group and build wine sales.
- **Weekender**—couples that just dine out on the weekend, I will offer special dinners for 2 that will include a bottle of wine, hoping to create dining groups.

### **Market Trends & The Future**

The population and demographics of La Vista have remained steady for the last 14 years. As people want to stay home more and cook less our strategy of delivering prepared meals on a weekly or monthly arrangement may be a widespread accepted new way of eating.

### **The Competition**

There are over two dozen restaurants in the La Vista area that sell food. There are no Café style restaurants. Although this presents an obvious challenge in terms of market share, it also indicates the presence of a large, strong potential. Our aggressive plans of take-out and delivery will also give us an advantage to create a good market share before the competition can adjust or similar concepts appear.

#### **Competitor's Profile**

Competing with 84<sup>th</sup> Street Café for the target market are these categories of food providers:

- Chain " " " "
- Bars & Grills
- La Vista Keno

#### **Competitive Strategy**

There are three major ways in which we will create an advantage over our competitors;

- My knowledge of the food and beverage service, my experience covers fast food, formal service, banquet service, and the know how to prepare the food for each.

NEBRASKA LIQUOR  
CONTROL COMMISSION

84<sup>th</sup> Street Café will be the only restaurant among all the competition which focuses the menu on home-style with the addition of low-fat selections. Each of the competitors offers at least one "healthy" selection on their menu. Once they have tried the restaurant, their experience will be reinforced by friendly, efficient, knowledgeable service. Return and repeat business will be facilitated by accessible take-out and delivery options.

## Marketing Plan & Sales Strategy

### Market Penetration

Entry into the market should not be a problem. The store has high visibility with heavy foot traffic all day long. The local residents always support new restaurants. In addition monies need to be raised for a pre-opening advertising and public relations campaign.

### Marketing Strategy

Focusing on the unique aspect of the product theme (healthy, tasty foods) a mix of marketing vehicles will be created to convey our presence, our image, and our message.

- **Print media** -- local newspapers, magazines and student publications
- **Broadcast media** -- local programming and special interest shows
- **Hotel guides**, concierge relations, Chamber of Commerce brochures
- **Direct mail** -- subscriber lists, offices for delivery
- **Internet**. - E-mail address, and Web Site Development

The marketing effort will be split into 3 phases;

- 1) **Opening** -- An advanced notice (press packet) sent out by the PR firm to all media and printed announcement ads in key places. Budget - \$500
- 2) **Ongoing** -- A flexible campaign (using the above media), assessed regularly for effectiveness. Budget - \$500
- 3) **Point of sale** -- A well-trained staff can increase the average check as well as enhancing the customer's overall experience. Word-of-mouth referral is very important in building a customer base.

### Future plans and Strategic Opportunities

Catering to offices (even outside of our local area) may become a large part of gross sales. At that point a sales agent would be hired to directly market our products for daily delivery or catered functions.

NEBRASKA LIQUOR  
CONTROL COMMISSION

### Hours of Operation

### Employee Training & Education

Employees will be trained not only in their specific operational duties but in the philosophy and applications of our concept. They will receive extensive information from the chef.

### Systems & Controls

A big emphasis is being placed on extensive research into the quality and integrity of our products. They will constantly be tested for our own high standards of freshness and purity. Food costs and inventory control will be handled by our computer system and checked daily by management.

### Food Production

Most food will be prepared on the premises. The kitchen will be designed for high standards of sanitary efficiency and cleaned daily. Food will be made mostly to order and stored in large coolers in the basement.

### Delivery & Catering

Food for delivery may be similar to take-out (prepared to order) or it may be prepared earlier and stocked. Catering will be treated as deliveries.

## Management & Organization

### Key Employees & Principals

Luis Palacio, will be the President and owner operator. Luis has been in the food service business since 1978 and has always served in a managerial role. He has also completed the first of 3 test to achieving his Master Sommelier from the court of Master Sommeliers, which are wine experts.

Luis brings with him a track record of success in customer service in the food service industry. His management style is innovative and effective with creating and developing relationships with his patrons.

### **Compensation & Incentives**

84<sup>th</sup> Street Café will offer competitive wages and salaries to all employees with benefit packages available to key personnel only.

## **Long-Term Development & Exit Plan**

### **Goals**

84th Street Café is a concept that targets a new, growing market. We assume that the market will respond, and grow quickly in the next 5 years. Our goals are to create a reputation of quality, consistency and security (safety of food) that will make us the leader of in home-style dining. Ideally, 84th Street Café will expand to another bay for a private banquet room.

### **Strategies**

our marketing efforts will be concentrated on take-out and delivery, the areas of most promising growth. As the market changes, new products may be added to maintain sales.

### **Milestones**

After the restaurant opens, we will keep a close eye on sales and profit. Milestone to watch are increasing numbers of private parties on the weekends, increasing lunch groups, and wine sales reach around 30% of total sales

### **Risk Evaluation**

With any new venture, there is risk involved. The success of our project hinges on the strength and acceptance. After year 1, we expect some copycat competition in the form of other independent units. Chain competition will be much later.
